### The Whopper Jar Three Act Math

**Step 1: Visit the website Below and watch the video under “Act 1”**

<https://gfletchy.com/the-whopper-jar/>

**Step 2: Record what you notice and what you wonder**

What I Notice from the Video	What I Wonder from the Video

**Step 3: Make an *Estimate***

**Question:** How many chocolate Whoppers fit in the jar?

My estimates:

Too high	Too low	Just right

**Step 4: Record:**

**What information would help you to figure out how many Whoppers fit in this jar?**

---

---

---

---

**Step 5: Click on the links under “Act 2” to reveal some information that will help you.**

**Step 6: Use the information from Act 2, and the strategies you know to figure out how many whoppers go in this jar. Show your thinking and make sure you answer the question in a sentence.**

**Step 7: Click on the Act 3 Video to check if you were correct!**
